

Protecting People on the Move

IOM KENYA ANNUAL REPORT 2021

IOM is committed to the principle that humane and orderly migration benefits migrants and society. As an intergovernmental organization, IOM acts with its partners in the international community to assist in meeting operational challenges of migration; advance understanding of migration issues; encourage social and economic development through migration and uphold the human dignity and well-being of migrants.

FOREWORD

I am pleased to present the new IOM Kenya Country Annual Report for 2021 highlighting our achievements from the past year. While we have continued to live under the influence of the pandemic in 2021, the biggest success of 2021 was the commitment, loyalty and dedication shown by IOM Kenya Country Office staff in carrying out their duties diligently to ensure that operations run smoothly while supporting the Government of Kenya (GoK) and serving migrants, refugees, and other vulnerable mobile population to ensure that migration and mobility are safe, orderly and beneficial for all. I would like to express my sincere gratitude to all staff for overcoming the challenges presented by 2021.

IOM’s support entails promoting international and regional cooperation on migration issues, assisting in practical and durable solutions to address migration and mobility challenges and providing humanitarian assistance to migrants and other vulnerable populations, promoting safe migration practices, supporting GoK in times of crises such as COVID-19 pandemic and securing borders to ensure peace and stability in Kenya through eight thematic areas outlined in this report.

In 2021, IOM Kenya has made tremendous programmatic and operational achievements. Throughout the year, IOM Kenya has worked on the implementation

of the new Country Strategy for 2021-2025 launched in early 2021. The Mission’s strong operational capacity and expertise in areas of migration health, immigration and border management, protection and community engagement enabled the mission to provide extensive support to GoK in areas of case management, surveillance, infection prevention and control, testing laboratory, risk communication and community engagement, and points of entry among other interventions. Health assessments increased by 35% and were expanded to Dadaab and Kakuma Refugee Camp. IOM also extended COVID-19 testing by opening the Mombasa IOM laboratory. Adopting to the new norm, IOM continued to offer pre-departure orientation virtually reaching more than 800 migrants. IOM Kenya also continued to innovate and created and implemented a beneficiary appointment system and supported the deployment of travel documents system as well as a DNA tracking system.

This year, IOM continued delivering on its commitment to address migration related concerns by supporting GoK’s “whole of government”, “whole of society” approach to migration management, through the National Coordination Mechanism on Migration (NCM). While ethical recruitment and trafficking in persons remained a challenge in 2021, IOM supported the Ministry of Labour and Social Protection to establish oversight and community feedback mechanisms to counter these issues. IOM Kenya was also key in supporting GoK on policy development and implementation of Bilateral Labour Migration Agreements that will see thousands of Kenyans employed abroad reducing the burden of unemployment.

Again, I would like to express my sincere gratitude to IOM Kenya colleagues for their commitment in achieving our mission of protecting migrants and other mobile population groups under these challenging circumstances.

Finally, I want to thank GoK for the great collaboration and milestones made on migration management. I am also thankful for the technical and financial support of our donors and development partners as well as for the excellent collaboration with other UN agencies in Kenya.

Sharon Dimanche
Chief of Mission IOM Kenya

ABOUT IOM

Established in 1951, IOM is the leading inter-governmental organization in the field of migration and works closely with governmental, inter-governmental and non-governmental partners. IOM is committed to the principle that humane and orderly migration benefits migrants and society.

The mission in Kenya has 375 staff members of which 48 per cent are female and 52 per cent are male. Staff are based in different offices and locations including Dadaab, Kakuma, Mombasa and Nairobi.

IOM IN KENYA

The office in Nairobi was established in 1993 and since then, the cooperation has expanded to a wide range of migration and mobility related areas.

MISSION

To contribute to migration system which safeguards dignity and protection to migrants and benefits migrants, communities and the society.

VISION

IOM becomes a catalyst in bringing transformative changes in migration dynamics in Kenya.

1. INTRODUCTION

KEY MOBILITY RELATED ISSUES AND CHALLENGES IN 2021 IN KENYA

- Kenya's diaspora enhances collective and individual opportunities through skills transfer, investments and remittances inflows (equivalent to USD 3,717,893 in 2021).
- Counties in Arid and Semi-Arid Lands (ASALs) have been hit hard by the drought and was declared a national disaster on 8 September 2021. The drought has increased food insecurity, cattle rustling incidents, intercommunal tensions and resource-based conflict in most of these areas, acting as drivers for irregular migration, including smuggling of migrants and trafficking in human beings.
- Threats of violent extremism, emanating especially from the Somalia-based Al-Shabaab group, have persisted in 2021, causing irregular movement of people and goods. The bordering counties of North-East Kenya have witnessed multiple small-scale violent extremist attacks.
- The Southern Migration Route continues to be an important migration corridor from the Horn of Africa, along which thousands of irregular migrants have been intercepted, including smuggled migrants and victims of trafficking.
- The current conflict in Ethiopia poses a risk of spill over that could lead to an influx of refugees into Kenya. Since the civil unrest in Ethiopia escalated in November 2021, an increased inflow of irregular migrants crossing the Ethiopia-Kenya border has been recorded.
- Kenya is hosting one of the biggest refugee populations in Africa, with around 540,433 registered refugees and asylum seekers in the country in 2021.
- Despite COVID-19-related travel restrictions which continued impacting mobility and refugee resettlement throughout 2021, new refugee arrivals were registered, and IOM continued supporting resettlement of refugees from Kakuma and Dadaab refugee camps.

*this figure does not include the estimated number of 18,813 unregistered refugees and asylum seekers

KEY ACHIEVEMENTS - 2021

Reach

 **4,450,490**

People reached through community engagement activities including cultural events, election dialogue forums, health campaigns, cultural events, radio campaigns, community dialogues, women barazas, community theater

Health Services

 **15,585**

Migrants and refugees received Health Assessment Services

 **17,277**

41% male, 59% female
Individuals provided with primary health care at the Eastleigh Community Wellness Centre

Support

 **5,711**

Individuals supported in COVID-19 isolation centres

 **2,572**

Refugees facilitated for departures to 19 countries (Australia, Austria, Belgium, Burundi, Canada, Ethiopia, Finland, France, Germany, Ireland, Italy, Netherlands, New Zealand, Norway, Sweden, Switzerland, Uganda, United Kingdom, USA)

 **41**

Victims of trafficking assisted with accommodation, basic needs, medical support and in-kind reintegration support

 **1,271**

Vulnerable people received psychosocial support

 **1,152**

Refugees received pre-departure orientation

 **64**

Vulnerable migrants repatriated from Sudan, German, Netherlands, Lebanon, and Iraq

 Provision of personal, protective equipment and WASH supplies to Garissa, Wajir, Mandera and Marsabit Counties

Training

 **48**

Private recruitment agencies trained on ethical recruitment

Capacity Building

 **38**

Capacity building sessions held

 **1,982**

68% male, 32% female

Individuals trained on border management, counter human trafficking and smuggling, monitoring, blue economy, ethical recruitment, migration governance

Governance

 **100**

Members of Parliament sensitised on GCM and migration in the Agenda 2030

COVID-19 RESPONSE - 2021

Reach

 **1,020,020**

Individuals reached with COVID-19 infection, prevention and control messages

COVID-19 Testing

33,192

Individuals tested for COVID-19 at Nairobi and Mombasa

164

Frontline workers tested for COVID-19 in Daadab and Moyale

57
STA undertaken by KCO staff

4
Staff welfare initiatives

5

Townhalls organized in 2021 to establish regular communications with staff. These sessions usually discussed regular mission updates; latest developments on the COVID-19 situation, including guidance and vaccination; the launch of IOM Kenya Mission strategy 2021-2025 and its implementation plan and regular security briefings in line with the upcoming elections. The townhall meetings also provided a platform for the National Staff Association Committee (NSAC) and occasions for virtual sessions on mental health issues by the staff counsellor.

1

Mission-wide Virtual Team Building Event where MBTI personality tests were conducted to help team leaders understand their team better and adapt for effective leadership style as well as to improve staff members' capacities to work as a team and better understand their colleagues' personality.

New processes introduced in 2021 to improve internal efficiency: Online PR app fully implemented, Vendor Management app, Vendor evaluation process.

INITIATIVES TO PREVENT SEXUAL EXPLOITATION AND ABUSE

99%
Staff trained on PSEA

PSEA Information, Communication and Educational materials posted in IOM offices and on programme sites

PSEA elements included in programming, operations and with partners

PSEA Focal Point in KCO

IOM Kenya is a member of the interagency PSEA network

IOM beneficiaries and/or communities are systematically provided with information and messaging on PSEA and/or how to report

1. Migration Governance (MG)

IOM works closely with governments in promoting migration governance that ensures a safe, orderly and regular migration. IOM Kenya supported the Government in the development of global strategies, legal norms, laws, regulations, and policies as well as in the development of organizational structures (subnational, national, regional, and international) and the relevant processes that shape and regulate Kenya's approach regarding migration in all its forms, addressing rights and responsibilities and promoting international cooperation.

Achievements

- Sensitized **100 Members of Parliament** on the Global Compact on Migration (GCM), migration in the Agenda 2030 and Draft National Migration Policy
- Supported GoK to develop the second assessment on the Kenya Migration Governance Indicators
- Provided technical support to the NCM to review and update the draft National Migration Policy
- Engaged with national and county government to mainstream migration in government sectors in Kenya
- The Kenya UN Network on Migration held internal and external meetings in collaboration with the global regional and country level UN Networks on Migration to exchange information on best practices and lesson learnt when implementing and reviewing the GCM
- Technical Working Group on Prevention/Countering Violent Extremism (PCVE) established in July 2021, with IOM and UNDP as chair and the Inter-Religious Council of Kenya (IRCK) as co-chair

SDGs:

Launch of the Technical Committee for the Establishment of the Oversight Mechanism and Community Feedback Mechanism

GLOBAL PLEDGE TO END MODERN SLAVERY

Launch of the Technical Committee for the Establishment of the Oversight Mechanism and Community Feedback Mechanism

IOM UN MIGRATION

SDGs:

- 1 NO POVERTY
- 7 AFFORDABLE AND CLEAN ENERGY
- 4 QUALITY EDUCATION
- 8 DECENT WORK AND ECONOMIC GROWTH
- 9 INDUSTRY, INNOVATION AND INFRASTRUCTURE
- 10 REDUCED INEQUALITIES
- 12 RESPONSIBLE CONSUMPTION AND PRODUCTION
- 15 LIFE ON LAND
- 17 PARTNERSHIPS FOR THE GOALS

2. Labour Mobility & Human Development (LHD)

Labour Mobility & Human Development focuses on safe, orderly and regular labour migration and adopts the migration cycle approach. LHD interventions are closely linked to interventions of Migration Governance and Migrant Protection and Assistance thematic work. LHD supports GoK in realising migration related commitments to various regional and continental frameworks, protocols and road maps (RECs, and AU).

Achievements

765

Refugees in Kenya provided with pre-departure orientation for Canada through the Canada Orientation Abroad (COA) programme

350

Refugees from Uganda, Burundi, Eritrea, Turkey and Democratic Republic of Congo received Australian Cultural Orientation (AUSCO)

¹ Pre-departure cultural orientation provides refugees with information on the country of resettlement before their arrival to prepare them for the new environment. IOM Kenya conducted orientation through: Canadian Orientation Abroad (COA), Australian Cultural Orientation AUSCO and Germany Pre-Departure Orientation.

² IRIS is a global multi-stakeholder initiative that supports governments, civil society, the private sector and recruiters to establish ethical recruitment as a norm in cross-border labour migration. The goal of IRIS is to make international recruitment fair for everyone involved: migrant workers, employers, recruiters and countries of origin and destination.

335

Refugees from Kakuma refugee camp received Germany pre-departure orientation¹

48

Private recruitment agencies (PRAs) trained on the International Recruitment Integrity System (IRIS)² capacity building programme: **12** have enrolled to the programme to change their business practices and two have reached the mock audit level of IRIS certification process.

- To promote ethical recruitment to end modern slavery and human trafficking, IOM Kenya conducted a survey on ethical recruitment in Mombasa and Kilifi counties to understand the level of unethical recruitment practice at community level and assess the level of knowledge of unethical recruitment and reporting structures
- Facilitated in establishing the Oversight and Community Feedback Mechanisms through technical support and training of trainers to **75 Officials in 3 counties** Nandi, Busia and Mombasa
- Supported GoK to produce pre-departure information handbooks for State of Qatar, Kingdom of Saudi Arabia, the United Arab Emirates, State of Kuwait, Sultane of Oman and the Kingdom of Bahrain

Canadian Orientation Abroad Kenya

- Took a leading role in following up on various translations of orientation materials and products from English to Kiswahili, Lingala, Somali, Kirundi and Kinyarwanda
- Developed a Canadian Orientation Abroad App for refugees “O-Canada”
- Delivered virtual COA sessions for Afghan refugees under the Special Immigration Measures (SIM) Programme for Afghanistan by the Government of Canada

3. Migrants Protection and Assistance (MPA)

Migrant Protection and Assistance (MPA) focuses on strengthening the protection environment for migrants and vulnerable populations through evidence-based programming; supporting law and policy development and implementation; assistance and specialized protection services to vulnerable migrants.

Achievements

Survey on knowledge, attitude and practice on labour migration carried out in Mombasa, Lamu and Kwale counties to generate evidence on safe migration practices

Migrants repatriated to Kenya from Sudan, Germany, Netherlands, Lebanon, and Iraq. **16** were cases of victims of trafficking. **64** vulnerable migrants repatriated to their country of origin (Rwanda, Ethiopia and Uganda)

Youth reached with counter-trafficking campaign messages in Lamu, Kwale and Mombasa counties

Community, traditional clan, women and youth leaders trained on counter-trafficking and smuggling of migrants

SDGs:

4. Migration, Environment and Climate Change (MECC)

MECC addresses the migration environment and climate nexus. This thematic area focuses on working with key stakeholders (government as well as civil society organizations), providing evidence-based knowledge on migration, environmental degradation and climate change dynamics in Kenya and utilizing the evidence in local and national planning, programming, or decision-making.

Key Achievements

44

Fisherpersons and 9 county officials from Tana River County trained on blue economy

20

Female pastoralists trained on agriculture, agribusiness, and blue economy in Tana River County

Produced action research on: *“Impacts of Climate Change and Disasters on Blue Economy Livelihoods in Tana River County, Kenya”*

SDGs:

SDGs:

5. Emergency Preparedness, Response and Stabilization (EPRS)

Emergency Preparedness, Response and Stabilization adopts a targeted intervention in the country, especially on areas that are environmentally and/or politically fragile by providing humanitarian and durable solutions to support those affected either by human-made or natural disasters. This thematic area supports provision of durable solutions for persons in displacement, builds their resilience as well as increases the capacity of the GoK, at the national and local level, in preparing and responding to disasters and in the refugee context, also adopting a resettlement strategy.

Achievements

1,189

Youth (726 male, 463 female) engaged through youth accountability forums

286

Residents (167 male, 119 female) trained on mediation and conflict resolution

345

Residents (200 male, 145 female) attended elections dialogue forums

1,098

Women reached through community barazas

- Supported **909** community leaders (537 male, 372 female) during intra and inter-community dialogue forums
- Held various cultural events and inter-religious dialogues attended by **772** participants (424 male, 348 female)
- **38** vulnerable affected people (20 male, 18 female) received psychosocial support services
- Convened Symposium on Peacebuilding and Preventing Violent Extremism in Mombasa County

Symposium on Peacebuilding and Preventing Violent Extremism

The conference on Peacebuilding and Preventing Violent Extremism (PVE) was held in Mombasa County and brought together various stakeholders including GoK, NGOs, CSOs, UN Agencies and community leaders. The participants reflected on sustainable peace in the Coast region; lessons learned, emerging needs, challenges, gaps and partnerships.

The conference was organized by IOM with support from USAID, the National Counter Terrorism Centre (NCTC) and the Coast Inter-faith Council of Clerics (CICC).

6. Immigration and Border Management (IBM)

Immigration and Border Management thematic area supports the Government of Kenya through provision of technical support, capacity building, improvement of border infrastructure by providing required equipment and tools including deployment of border management information system (BMIS) and enhancing inter agency and international cooperation for efficient and effective management of Kenyan borders and facilitation of legitimate trade and travel.

Achievements

22

Border Management Committee members trained on community engagement

42

Community leaders trained on border management

138

Border officials and security teams sensitized on coordinated border management

85

Immigration officers trained on document examination, fraud detection and countering human trafficking and smuggling

- Provided support to the GoK in curriculum development of a short course on Case Management of Victims of Trafficking
- Developed a Five-Year Trade and Mobility Facilitation Action Plan for Moyale OSBP (Kenya-Ethiopia Border)
- Developed COMESA Simplified Trade Regime common list of Traded Goods between Kenya and Ethiopia
- Study visit to Kenya by officials of Ethiopian agencies with border management mandate
- Donated two vehicles and tele-conference equipment to GoK

7. Migration Health

Migration Health oversees, supports, and coordinates the organization's provisions of migration health services globally. In the emergency context, this thematic area supports GoK in the reinforcement of their effort in mitigation of infectious diseases and other health concerns. Migration health also supports GoK in realizing their commitments to Universal Health Coverage by advocating for the inclusion of migrants in all health policies and strategies.

Achievements

17,277

Refugees and host community received health services at the Eastleigh Community Wellness Centre

2,473

Migrants and refugees received pre-departure medical assistance under IOM's pre-migration health activity

16,539

Migrants and refugees received health assessment services, and **22,547** doses of vaccines were administered to **8,109** migrants and refugees

- Reopening of migration health assessment clinics in Dadaab and Kakuma
- IOM Migration Health Assessment Centre, Nairobi has maintained ISO 9001:2015 since 2015 and was re-certified in 2021
- Enhanced partnerships on IOM activities at the Eastleigh Community Wellness Centre with Aga Khan University, Institute of Human Development (AKU-IHD) on Early Childhood Development (ECD) interventions among migrant mothers in Eastleigh

SDGs:

8. Resettlement and Movements Management

Resettlement and Movements Management (RMM) directly oversees and coordinates IOM's resettlement work and transport programmes. RMM ensures that rights and dignity of refugees and migrants are protected in the movement process.

Achievements

- Facilitated **2,572** migrant departures in **19** countries comprised of **22** nationalities. Of the total departures, **81%** through Resettlement Projects; **16%** through Immigration Visa Projects; and **3%** through Return and Reintegration Projects
- Conducted 6 remote monitoring visits to IOM field missions: Burundi, Ethiopia, Ghana, South Africa, Tanzania, and Zambia
- Implemented the Beneficiary Appointment System to schedule meetings and improve quality of service
- Implemented the Transit Center database for room allocation and financial reporting
- Deployed the Travel Document Tracking System to IOM Uganda and Tanzania
- Supported virtual selection mission interviews in lieu of in person interviews for resettlement
